

Authorized Distributor

Conversource is your authorized distributor of all offered products. Purchasing from an Authorized Distributor ensures receiving the most current materials available plus the technical support you require.

Custom Cut Mounting Tapes

Conversource features custom-cut Plate Mounting Tapes for Flexography and Letterpress. Often, competitors claim to offer custom-cut plate mounting tapes but only provide slitting of full production rolls. Conversource stocks master rolls up to 54" and provides true custom-cut services. With Conversource, you order the exact width you need. You'll receive exactly what you ordered without useless and expensive offcuts. You'll pay for exactly what you get.

Consumable Products & Accessory Equipment for the Flexographic Pressroom

Conversource is the converter's source for consumable supplies and accessory equipment for the flexographic pressroom. We feature tape and pressroom supplies from 3M, Tesa, Harley, Adhesographics and Daetwyler

Free Plate Mounting Tapes

Request your free sample roll of 3M E or EH-Series Cushion-Mount Plus Plate Mounting Tape.

- Wide range of foam densities
- Consistent caliper control
- Easy Mount liner with micro-channels. The cross-hatched pattern allows air to escape from between tape and cylinder and between tape and plate
- Adhesives designed for firm hold but easy removal
